COLLINS GIVEN A PRISON TERM

Former Clerk of Shelby Circuit Court Sentenced to Serve One to Five Years

JURY OUT ONLY 30 MINUTES

Returns Verdict Shortly Before Noon Today and Judge Passes Sentence This Afternoon

Cecil B. Collins of Shelbyville, former clerk of the circuit court there, was found guilty shortly before noon today by a circuit court jury on the charge of embezzlement, and this afternoon Judge Craig sentenced him to the state prison for not less than one year and more than five years.

The case was sent here on a change of venue, and got started yesterday morning. The state finished with their portion of the evidence did not offer any evidence.

The case was given over to the jury at eleven o'clock and four ballots were necessary to find Collins guilty, the jury returning a verdict within thirty minutes.

Immediately after returning the verdict, H. S. Sexton, bondsman for Collins in the sum of \$2,500, was released, and the prisoner was turned over to Sheriff Jones, the judge not passing sentence until shortly after two o'clock this afternoon.

Collins' attorneys stated that they would in all probability file a motion for a new trial, and made arrangements with Judge Craig, special judge from Decatur county, to come here Saturday in case they decided to ask for a new trial.

Collins was accompanied in court this morning by his wife and small daughter, his mother and a brother, all of Shelbyville. When sentence was passed on him, Collins gave his age as 34 years.

SUICIDE ATTEMPT RESULTS IN DEATH

Mrs. Ora Mann of Blue Ridge Swallows Concentrated Lye and Dies Monday Evening

IN AN INDIANAPOLIS HOSPITAL

Mrs. Ora Mann, living south of Blue Ridge near the Rush-Shelby county line, died at the Deaconess hospital in Indianapolis Monday evening at five o'clock as the result of taking a quantity of concentrated lye with suicidal intent at her home Sunday morning. She was taken to the hospital Sunday on advice of a physician and no hope was entertained for her recovery from the first.

No one was at the home when she took the lye. Shortly before she sent her husband to a store at Blue Ridge to get some headache tablets, saying she was suffering terribly with headache. On returning from Blue Ridge, Mr. Mann learned of her attempt at suicide. She said she rolled some of the concentrated lye into a ball and wrapped it in paper and then swallowed it. She told her husband she didn't know what caused her to make the attempt but something compelled her.

Since last November, the woman has been in poor health and for a period of several weeks she laid in a state of coma, eating little food. Her case puzzled physicians, it being thought by some that she was suffering with a strange sleeping disease. She is about thirty-five years of age.

Mrs. Mann is survived by her husband; one daughter, Carmen, twelve years old; her parents, Mr. and Mrs. Dan Gahmer; one brother, Elmer Gahmer, and a half-brother, Ertel Gahmer.

TREATY GIVEN TO TURKS

Paris, May 10.—The treaty of peace with Turkey was handed to the Ottoman delegation in the clock room of the French foreign office at 4 p.m. today.

PEACE WITH BOLSHEVIKI

Japs Come to Terms With Siberian Soviets and Will Evacuate

(By United Press.)

Washington, May 11.—Japan has made peace with the Bolsheviki of Siberia, it was learned today. An agreement which probably will lead to the withdrawal of about 20,000 Japanese troops from the region of Vladivostok and pave a way for the evacuation of all Japanese forces in Siberia, was included in the terms between Japanese and Soviet authorities at Vladivostok, confidential advices to the Japanese embassy here stated.

The agreement was made for the prevention of further conflicts between the Japanese and Russian Soviets and is intended to allow the evacuation of the Japanese forces from Vladivostok, it was stated.

NO AGREEMENT IN STATE G. O. P. DISPUTE

With Convention 24 Hours Away, Leaders Continue Efforts to Effect a Compromise

SITUATION IS PERPLEXING

(By United Press.)

Indianapolis, Ind., May 11.—With the republican state convention less than twenty-four hours away, party leaders continued their unavailing efforts to effect an agreement on the state chairman, the selection of four delegates-at-large to the republican national convention and the question of whether a resolution shall be presented at the convention endorsing Governor Goodrich's administration.

It appeared certain that these issues would be pounded out on the convention floor, except that of the state chairmanship, which will be decided upon just before the convention opens, at a meeting of the district chairmen.

Two more entrants in the race for the "big four" delegation made the situation look more perplexing today.

Colonel Hiram Bearss, of Peru, Ind., had come out as a soldier candidate and Mrs. Emma Carlisle, was expected to announce her candidacy today.

DROVE ENGINE WITH SPIKES ON PAYMENT

W. B. Wright is Fined \$1 and Costs by Mayor Irvin For Violating City Ordinance

ALLEGED SPEEDER IS FREED

W. B. Wright, owner of a traction engine, was arrested yesterday afternoon and arraigned in police court on a charge of violating a city ordinance of driving a traction engine with spikes on the paved streets of Rushville. Mr. Wright paid the minimum fine of a dollar and costs. The affidavit alleged that Wright ran his traction engine down Main street yesterday afternoon, with the sharp spikes on the large wheels, and this is against a city ordinance.

Oscar Swanigan was found not guilty in police court last night of speeding and a case is docketed to night against Robert L. Tompkins who is charged with not displaying a lighted tail light.

NOT SOCIALIST DOCTRINE

New York, May 11.—A proletarian dictatorship is not a doctrine of the American socialist party and is not applicable to the present conditions, Morris Hillquit told the national convention of socialists here today.

GOOD GAS WELL STRUCK

An unusually good gas well has just been completed on the Tom Dyer farm, north of Arlington, by John Overleese, gas well digger of Arlington. The well is six hundred feet deep and has a thirty-five foot blaze.

SCARCITY OF FARM LABOR NOTICEABLE

Many Farmers Compelled to Buy Tractors and Other Modern Equipment to Meet Shortage

SOME CORN BEING PLANTED

Favorable Weather Last Ten Days Gives Farmers Chance to Catch Up With Their Work

When spring farm work, having been delayed by bad weather, is at its height, farmers are feeling a serious shortage of farm labor in Rush county. This community is not an exception in this respect, however, for the same complaint has come from practically all agricultural states. The reason for the shortage of farm workers, it is explained, is that young men are offered high wages and short hours in industrial centers and these prove more attractive than farm work. Many married men with families who have farmed, from boyhood also left the county during the last few months for factories in big cities and some farms which were tenanted by them are standing idle.

It is estimated that there will be more idle ground in this county this summer than for many years. Some of the tenants moved early in the spring and the landowners were unable to find other men to take their places. During the busy season on the farm many of the large landowners employ extra help but there is also a shortage of this class of labor. Farmers are facing a serious situation and are forced to conduct their farms on a different basis.

Some farmers who have already faced the labor shortage sowed large fields in timothy and clover as these crops do not require cultivation. Many declare that although they had planned to plant a large corn acreage they will be unable to do so and will put out only such fields as they can tend themselves.

Some of the younger farmers believe that the solution to the labor shortage problem lies in the use of tractors and other modern equipment which enables one man to do the work which would require the services of several with teams. Tractors are humming in various

WILL ARRANGE FOR LOCAL COMMANDERY

Hugh E. Maury, Commander, and Will M. Sparks, Past Commander, Go to Indianapolis Today

PARADE TOMORROW AT 2:30

Hugh E. Maury, commander, and Will M. Sparks, past commander, went to Indianapolis this morning to make preliminary arrangements for Rushville commandery, No. 49 Knights Templar, at the annual state convocation which opens today. The biggest attendance from Rushville will be tomorrow when the parade takes place. It will be held in the afternoon at 2:30 o'clock and Rushville commandery is hoping to have one hundred in members in full uniform in line.

The Rushville commandery will be led by the Indianapolis News' newsboys band, which will aid materially in the showing which the commandery makes in the procession. The attendance may be cut down by many farmers being unable to attend, due to the fact that spring farm work is very late. However, several farmers who are members of Rushville commandery are planning to make a sacrifice and leave their work tomorrow so that Rushville will have a good representation in the parade.

Interest also attaches to the annual election of officers which will take place Thursday morning. Many Knights from here plan to be present on that occasion.

SMALL CHANCE TO BREAK DEADLOCK

Little Hope of Electing Republican District Chairman When Committee Meets at 1:30 P. M.

SESSION HELD IN LIBERTY

Only Hope Anti-Bossert Men Had Was in Swinging Fayette County Chairmen to Their Side

(Special to the Daily Republican.)

Liberty, Ind., May 11.—The sixth district republican committee was deadlocked this afternoon over the election of a district chairman, four county chairmen voting for Walter Bridges of Greenfield and four for the re-election of Walter Bossert of Liberty. Several ballots had been taken and no one was able to predict what the outcome would be.

There was believed to be small chance of the republican county chairmen of the sixth district, who composed the district committee, reaching an agreement on a district chairman at the meeting in Liberty this afternoon, in view of the fact that their is an apparent deadlock between the friends of Walter F. Bossert, the present chairman, who is up for re-election, and his opponents, who favor Walter Bridges of Greenfield for the chairmanship.

The meeting was called for one-thirty o'clock and it was expected that some time would be required in the organization of the committee to transact the business of the afternoon. The rules of the republican state committee provide that the district committee shall elect a chairman and secretary from its own membership and that the district chairman shall have no part in the deliberations of the session.

This was one point that local republicans who attended the meeting were careful to investigate because they feared that with a tie vote, and the district chairman having a vote in case of a tie, would vote for himself and Bossert would be elected, which would be contrary to the wishes of Senator James E. Watson and Warren T. McCray, primary nominee for governor, who are endeavoring to have elected a state committee which will be friendly to them.

Among the republicans from here attending the meeting today were

BOARD TO DECIDE ABOUT A LOCATION

Directors of Cummings Vote Register Co. To Decide Whether to Accept Knox Offer

RUSHVILLE WANTS MORE TIME

The board of directors of the Cummings Vote Register Corporation will decide at a meeting to be held in a few days, probably tomorrow, whether to remain in Rushville or locate at Knox, Ind., where a very attractive offer has been made.

Another meeting of business men was held last night and at that time it was decided to notify the officers of the corporation today that more time would be required to determine whether or not to accept the proposition of the corporation A committee waited on Mrs. M. C. Schuessler, the president of the concern, this morning, and informed her of the decision reached last night. She said she could not give any definite answer until the board of directors met.

There is a factory building, filled with machinery which would be available for the use of the vote register corporation, standing at Knox and it has been offered to the corporation at a fair price. This is one inducement which is liable to cause the concern to locate at Knox. The directors, however, are anxious that Rushville shall have an equal chance at locating the plant because they came here with the intention of staying, but for the fact that a deal for used machinery did not work out as planned.

NOW WITH FAMOUS PLAYERS

Tom J. Geraghty Signs Long Contract With Lasky Corporation

Tom J. Geraghty, former Rushville newspaper man, has signed a long term contract with the Famous Players-Lasky Corporation as a scenario writer, according to an article in a recent issue of a motion picture magazine. The announcement was made by Jesse L. Lasky, vice-president of the corporation.

Mr. Geraghty, who has been with Douglas Fairbanks, will be attached to the scenario staff of the company at the Lasky studio and his first work will be the scenarioizing of "Burglar Proof" for Bryant Washburn, Paramount-Artcraft star which will be made following "A Full House," on which Mr. Washburn is now engaged.

MUST FILE EXPENSE ACCOUNT IN 30 DAYS

Candidates in Recent Primary Warned They Must Make an Accounting by Third of June

FEW HAVE ALREADY FILED

County clerk Loren Martin desires to call attention to the fact today that all candidates in the recent primary election must file their expense account with him within thirty days after the primary election, which means that all accounts must be in by June 3.

The law, however, excludes office seekers whose yearly salary is less than \$100. In the case of precinct committeemen and delegates to the state convention, there is no salary attached and therefore Mr. Martin rules that they will not have to file an expense account, although several have already done so. Several of the candidates have filed their expense account, the largest single account being that of John F. Mapes, who was defeated at the republican primary for the office of county auditor. His expense in the campaign was \$103.00. Several democrats have filed, but in most cases no money was spent, as their candidacy was unopposed. In all cases filed, there were no promises made, which is also a part of their report.

CHIEF, 4 POLICEMEN HELD IN 'BOOZE RING'

Climax Reached in Evansville Whiskey Conspiracy Today When Public Officials Are Arrested

TOTAL OF 84 ARE ACCUSED

(By United Press.)

Evansville, Ind., May 11.—The climax in the alleged "booze conspiracy plot" of Evansville was reached today when Deputy United States Marshal Bender arrested Chief of Police Edgar Schmitt and four leading members of the police department.

The arrests were made under a federal grand jury indictment charging the existence of such a "booze ring."

Assistant Chief of Police Andrew Friedle, Detectives James Trautwein and William Fuchs, members of the "moral squad," and Detective Weier, were also arrested.

Schmitt's bond was placed at \$5,000 and that of the others at \$2,500. Each furnished bond.

The arrests today brought the total thus far under the indictments which named 84, to 63.

All those arrested will be arraigned before Judge Anderson in federal court May 17.

PICTURE SHOW MAY 19

On the evening of May 19, a five reel motion picture show entitled "The Van Winkle" and one reel of the mechanical toys "Golden Locks and The Three Bears" will be shown at the Graham Annex auditorium. The show is given in the interest of the Child Welfare fund.

PROVISIONAL HEAD WILL BE SELECTED

Plans Being Made to Name President of Mexico to Serve Until Election is Held July 4

REBELS IN COMPLETE CONTROL

Promise Carranza Will be Given Trial Under Mexican Law and Will Not be Executed

(By United Press.)

Nogales, Arizona, May 11.—Governor De La Huerta of Sonora was making preparations to go to Mexico City where he will assume control of national affairs as supreme chief under plans of Agua Prieta, according to revolutionary leaders here.

Huerta will call a convention of governors to select a provisional president and supervise the coming presidential election, the revolutionists said.

El Paso, Texas, May 11.—The situation in Mexico continued quiet today, according to reports reaching here.

General Obregon was fast establishing his authority throughout the country, with important cities under his control in the section of Mexico City.

Rebels have predicted the defection of the few remaining sections would be completed within the next few days.

Reports here bore out Obregon's contention that the revolution was bloodless.

Revolutionary leaders said that President Carranza would be given trial under Mexican law. His death is not desired, officials said, denying that he would be executed.

Washington, May 11.—Mexico today apparently entered into a "period of reconstruction" with rebels beginning the establishment of a new government.

The state department will not hesitate to deal with the rebel regime

MAN THROWN FROM BUGGY ON HIS HEAD

Clarence Kennedy Suffers Injury in Collision With Automobile Monday Night

HORSE IS KNOCKED DOWN

A service automobile from the Ford Sales Agency in this city ran into a horse and buggy driven by Clarence Kennedy last night about nine o'clock at the corner of Third and Morgan streets, one wheel on the buggy being torn off, and the driver thrown out of the buggy on his head on the brick pavement.

The automobile, which was driven by an employe of the garage, was going south in Morgan street and the buggy was being driven east in Third, when the collision happened.

Kennedy was thrown on his head between the spokes of the front wheel that was broken, and the horse was also knocked down, but did not attempt to run away. People that witnessed the accident said that had the horse made a dash, Kennedy would have been seriously injured, but as it happened he escaped with a bruised head.

CLERKS' PENSION SURE

Washington, May 10.—Enactment of a pension and retirement law for government employes in the classified services at this session of Congress is assured. The House has passed the Sterling Lehigh bill. The Senate already has passed the measure in somewhat different form.

WILL RUN EXTRA CAR

On account of the annual state convocation of the Knights Templar in Indianapolis tomorrow, the L & O traction company will operate an extra car leaving here at 7:32 in two sections, in order to accommodate all of the passengers that will be in that time.

2 WOMEN ASPIRANTS IN RACE FOR CONGRESS

Dr. Esther Lovejoy and Mrs. Alexander Thompson of Oregon Want Democratic Nomination

BOTH ACTIVE CLUB WOMEN

(By United Press.)

Portland, Ore., May 11.—Whoever wins the republican nomination for congress in the third Oregon (Portland) district, at the primaries May 21, will have to beat a woman at the general election next November, if he wins his way to Washington, D. C.

There are two aspirants for the democratic nomination and both are women, Dr. Esther Pohl Lovejoy, prominent physician and club woman, and Mrs. Alexander Thompson, another active Portland club woman and a member of the Oregon legislature during its last two sessions.

"Oregon's resources are the heritage of her people—safeguard and develop them," is Mrs. Lovejoy's campaign slogan.

"Jail for profiteers; ratification of the Versailles treaty as recommended by President Wilson," is her rival's battlecry.

Mrs. Thompson stamped Oregon for Wilson in 1916.

"I'm going to win if I can. But whether I win or not, I'm going to have a fine time running."

New Tasteless Castor Oil Always Marked Kellogg's

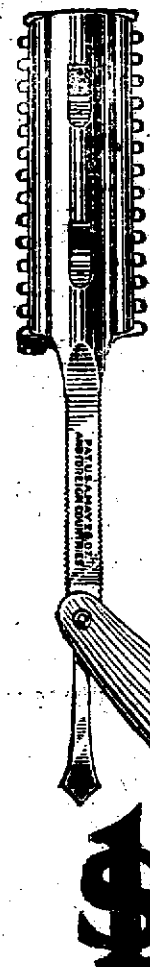

To Get Genuine Kellogg's Tasteless Castor Oil, Insist on Laboratory Filled and Labelled Bottle

If you want a really tasteless castor oil, insist on Kellogg's Tasteless Castor Oil. Every bottle is filled and labelled at the laboratories of Spencer Kellogg & Sons, Inc. Genuine is sold only in bottles plainly labelled Kellogg's. In strength and purity Kellogg's Tasteless Castor Oil is exactly the same as the old-fashioned disagreeable kind, except that the nauseating taste has been absolutely removed. It has the same healing and soothing qualities that have made castor oil a household remedy. Nothing has been put in to disguise the taste. Children will take Kellogg's Tasteless Castor Oil with joy. You can now get Kellogg's Tasteless Castor Oil at all good druggists. Accept no substitutes. Ask for labelled bottle, laboratory filled, marked Kellogg's. If you want a really tasteless castor oil. Two sizes, 35c and 65c. (Advt.)

GASOLINE GOING UP!

New York, May 11.—Motorists today became the latest victims of advancing prices. The Standard Oil Company of New York announced that the price of gasoline for grades would be raised to 30 cents a

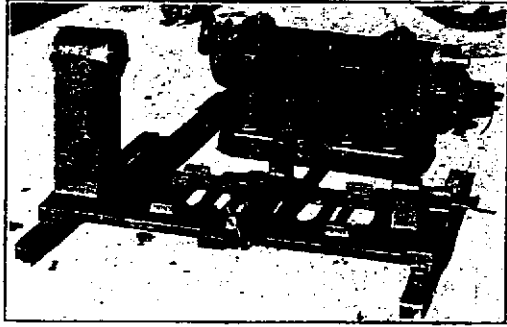

gallon, an increase of 11 cents while independents were reported to be quoting gas as high as 32 cents. This, it was said, would mean that the retail price would be at least 34 cents. Today's increase brings advances since Jan. 1, 1916, per cent.

Local Man Invents Device
To Burn In Ford Bearings

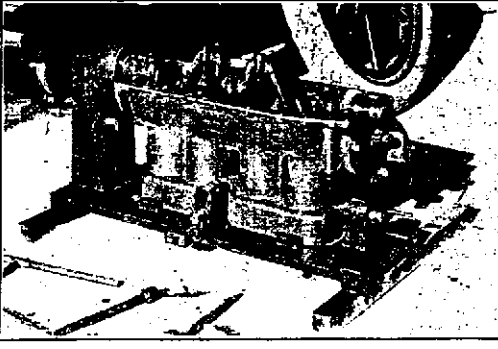

Francis C. Moorman Perfects Machine Which Will Eliminate
Waste of Time and Lower Cost of Repair Work.

Francis C. Moorman of this city has invented a device for burning in bearings on a Ford car and the machine is now being produced at Dayton, Ohio. It is designed to eliminate waste; lower the cost of Ford repair work and do away with the uncertainty of piston laps, loose piston pins, new oversize pistons, that his patent will be successful because it has been given very thorough tests and has accomplished everything that is claimed for it.

One big advantage of the machine is that it can be driven by a Ford car from the rear axle with the surplus of power, a change of speeds to listen and remedy the various

FORD BURNING-IN MACHINE

ANOTHER VIEW OF MACHINE

ticking, growling cam gears, and save the towing of a car to loosen up the motor.

Mr. Moorman says that the machine will be manufactured here if Rushville capital can be interested in the project. He is putting it on the market for \$150 whereas all other equipment to do the same work costs from \$600 and \$800. Because he can undersell by several hundred dollars all devices to do the same work, Mr. Moorman feels sure

noise heard in a Ford motor, with no effect on the rear system.

Mr. Moorman declares that with his machine, the garageman can get away from the monotony of scraping bearings and aligning connecting rods. The time saved is also another big argument the inventor uses in favor of the device. He believes that it will come into universal use in garages because of the low cost and the efficiency which the machine gives.

PROVISIONAL HEAD
WILL BE SELECTED

Continued from Page One

as a de facto government, if it is found that Carranza has been completely overthrown, it was learned authoritatively today.

Officials here looked for General Gonzales to be won over to the side of Obregon, who probably will take supreme command in Mexico City and the federal districts.

The pre-provisional government probably will continue to function until the governors of various states have elected a provisional president, it was said today at revolutionary headquarters.

This provisional president will establish his government in Mexico city and will proceed to hold the presidential election July 4.

Obregon will not be the provisional president, it was said, as he is a candidate for the regular president.

The first reports from the destroyers sent to Mexico were received today.

The captain commanding the destroyers division off Mexico reported that no Americans or other foreigners in the Tampico oil district are in danger. He stated that the Tampico district was quiet.

BECOMES A CONDUCTOR

Sim Linville, who recently resigned as a member of the Big Four detective force, and who took an active part in the rounding up of the Demaree gang, has accepted a position with the I. & C. traction company in the capacity of a conductor.

Exercising Their Right
Although there may be some disposition to criticize Senator James E. Watson and Warren T. McCray, primary nominee for governor, for taking such an active part in the formation of the republican state committee, since they will head the Indiana ticket this fall, they have every reason to be interested in the personnel of the committee to know that it is friendly to them.

You can make your old car look as brilliant and glossy as a this year's model. A few hours of your spare time and no great expense is involved if you use

do not state the fact plainly. The real issue is whether the administration of Governor James P. Goodrich shall receive a blanket endorsement in the next campaign. It would not be consistent for Warren T. McCray to enter the campaign with a state committee "sold" on the Goodrich regime. The republican candidate in the primary campaign advocated certain changes in the state tax law, and he doubtless wants to be free to follow the same line of argument in the campaign for election.

There is no question about the unpopularity of the state tax law, especially with respect to the control which the state board of tax commissioners has over local taxing matters. Mr. McCray advocated a change in this part of the law in the campaign for nomination and he can not now, right about face, even though it were part of his make-up to desire to do so.

Senator Watson's friends and Mr. McCray's friends have always worked in perfect co-operation. They had common interests in the primary campaign four years ago and they found the same alignment in the recent primary campaign. Since Senator Watson had no opposition and Mr. McCray received a clear majority over all other candidates for governor, it is very natural for them to work in perfect harmony and insist that a state committee and a state chairman which will be in harmony with them, shall be elected.

The invisible forces which are endeavoring to perpetuate the same organization in the state, have not been asleep during the present fight over the election of several district chairmen, and have injected themselves into sixth district affairs, using their influence gained through being in office, to gain their ends. Senator Watson and Mr. McCray, however, have enough loyal friends so that their plans are not likely to miscarry.

America Should Take The Lead
Theoretically the war has made the world safe for democracy. In reality it is not safe for anything or for anybody.

There is not a country in the world in which tranquility reigns. Smoldering unrest and discontent are everywhere. Political volcanoes are on the point of eruption by the wholesale.

It will require much wisdom and sagacity and many firm hands to bring order out of chaos and make this earth really habitable for mankind.

America, the richest and the greatest, should take the lead in a determined struggle to regain international safety and sanity.

No other country can do as much.

The average persons did not know that Nicholas Murray Butler, president of Columbia university of New York City, was a candidate for the republican nomination for president, until he declared for beer and light wines. Regardless of his appeal to a class which believes that booze will rise again, Mr. Butler will probably find that the country has had enough of university presidents a chief executives.

There is plenty of goodness in this world. But the trouble is each man thinks he has a corner on the crop.

"It is possible, even now, to work up a good old fashioned rip-roaring

Don't Prod Your Liver to Action

MR. Overcomes Bilelessness, Constipation, Sick Headache, Quickly. No Griping or Pain. Guaranteed.

The organs of digestion, assimilation and elimination—the stomach, liver and bowels—are closely allied, and the proper functioning of any of these organs is largely dependent upon the correct functioning of all the others. "Whipping" your liver into action with calomel or forcing your bowels with irritating laxatives or strong cathartics is a great mistake. A better, safer plan is strengthening and toning the whole digestive and eliminative system with Nature's Remedy (N.R. Tablets), which not only brings immediate relief, but genuine and lasting benefit. It acts on the stomach, liver, bowels and kidneys, improves digestion and assimilation, overcomes bilelessness, corrects constipation and quickly relieves sick headache and indigestion. Get your system thoroughly cleansed and purified for once; stomach, liver and bowels working together in vigorous harmony, and you will not have to take medicine every day. Just take your system in good condition and always feel your best. Remember it is easier and cheaper to keep well than it is to get well.

Get a box and try it with the understanding that it must give you greater relief and benefit than any bowel or liver medicine you ever used before. Buy Nature's Remedy (N.R. Tablets) sold everywhere, guaranteed and

Two buck privates, colored, were bemoaning their fate. They were still in uniform and were not resigned to the dull monotony of the camp routine. The war had ended eighteen months previously, but they still had to get up in the morning and go through the same maneuvers as if they were preparing to fight the Germans.

"I enlisted for the duration of the war," said Mose, "and here I am still wearing this kiki with the war a-endin' morn' a year ago."

"Yes, the war ain' over," replied his comrade in arms, "but the duration ain' still with us."

Sap and Salt

By BERT MOSES
Civilization is costing more than it is worth.

When love runs into a demand for cash it runs out.

Society items seem awful dull until your own name is mentioned.

It is one of the laws of trade that many must go down in order that a few may go up.

These present days of extravagance point unerringly to bread lines and soup kitchens in days just ahead.

Hez Heck says: "It seems to be the general style for people nowadays to invest their love where it will pay the most dividends."

WILSON FOR COLBY

Washington, May 11—Bainbridge Colby, secretary of state, is the man President Wilson has in mind to carry on the fight for the league of nations, as the democratic presidential nominee, it was learned here today. McAdoo has been mentioned but his friends are not in favor of having father-in-law endorse his son-in-law as a presidential nominee.

jag, buagination makes a bully substitute.

There is one advantage in being only a naturalized American citizen. One doesn't have to sacrifice himself on the presidential altar of his country.

Why should we go to Paris for our styles in dress? The American woman is adornment enough for any gown.

Some men never know enough to let good enough alone. That's the reason they always have more.

It may be true that it takes a thief to catch a thief, but it takes a wise man to catch an embezzler.

The import duty on foreign and international ideas of Government cannot be too high.

BAPTISTS START ON SECOND LAP OF DRIVE

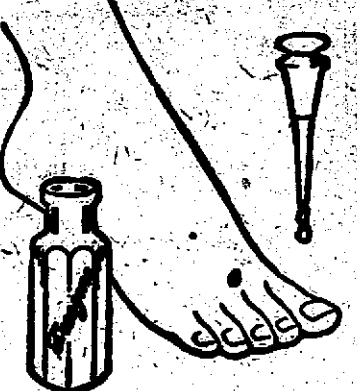

Campaign For Million Dollars Will be Fought in Every Town Until Goals Are Reached

INDIANA'S SHARE \$3,434,000

Baptists have girded themselves for a "second wind" drive toward the \$100,000,000 goal established in their New World Movement. With more than \$50,000,000 raised at the official conclusion of their campaign on May 2, leaders of the denomination have decided that every cog in the phenomenal campaign machinery would be kept in motion until the huge sum had been secured. Hundreds of churches and counties throughout the country have already gone over the top and subscribed their full quotas. Scores of churches in Indiana have contributed to the full sums asked of them. Elated by the wave of religious enthusiasm which has swept the state as a part

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet. A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

of the campaign Mr. A. J. Vining heading the Baptists in Indiana, has announced that the drive for the state quota of \$3,434,000 would continue until every church, town and county had gone over the top with its subscriptions. This fighting spirit characterized the attitudes of all the Baptists' leader. Last reports obtainable, credit Indiana Baptists with having contributed \$1,600,000. Telegrams were sent out from the National headquarters of the campaign announcing that the denomination was "just beginning to fight."

ASPIRIN SHOULD BE TAKEN RIGHT

Bayer Company, who introduced Aspirin in 1890, give proper directions.

"Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis, and Pain generally.

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross."

The "Bayer Cross" means the genuine, world-famous Aspirin prescribed by physicians for over eighteen years.

Handy tin boxes of 12 tablets cost but a few cents. Drugists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

MOST OF COUNTIES TO BE REPRESENTED

Practically All Farmers' Associa-
tions Will Send President and
Secretary to Indianapolis

TOPICS TO BE DISCUSSED

Co-operative Elevators, Live Stock
Shipping Associations, Member-
ship Campaigns, Road Building

Indianapolis, Ind., May 10.—Word has been received at the headquarters of the Indiana Federation of Farmers' Associations in this city that practically every county organization in the state which is affiliated with the parent body will send its president and secretary to the state-wide conference called by President John G. Brown for Monday, May 17. Lewis Taylor, general secretary, has outlined a program for the meeting which calls for a discussion on co-operative elevators, live stock shipping associations, pooling of the wool clip, uniform membership campaigns and accounting systems, road building programs, etc. The first subject to be discussed, however, will be relative to the charges made against the management of the Federation by the editor of the "Farmer's Guide."

Reports of a number of successful membership drives in various counties of the state have been received by officers of the farmers' organization and several new ones have been planned for the immediate future. In Warrick County an eleven day campaign is to open May 17 in charge of C. S. Masterson who will follow this with one opening May 1 in Miami County. Charles A. Sims has just completed a successful drive in Spencer County and H. C. Reid is arranging for the opening of a campaign in Union County. Special emphasis is being made by speakers sent into the various counties that, unless the organization has a majority of the farmers of the county as members, the unit lacks the necessary influence in any co-operative action dealing with the general welfare of the agriculturists to serve as spokesman. When the majority is reached, it is pointed out, the farmers have overcome this criticism.

The latest county to apply for membership into the state federation

Gained Weight Like Young Pig Says This Woman

Tips The Scales With Increased
Avoirdupois Since She Began
Taking Trutona

Terre Haute, Ind., May 10.—"I know Trutona is all and more than is claimed for it," says Mrs. Ella Brewer, a well-known Terre Haute woman, who lives at 2412 South Third Street. Mrs. Brewer's experience with the perfect tonic follows:

"My system had been in a run-down condition for the past three years. My kidneys and liver were out of shape, especially my liver which was very sluggish. I suffered almost constantly from headaches. My appetite was poor and if I ate half as much as I do now, the food would cause gas formation in my stomach which effected my heart. My tongue was always coated, and I began to feel like a nervous wreck. I could sleep but a few hours at night and often awakened with severe pains striking me in the small of my back."

"When I began taking Trutona I weighed about 104 pounds, but today, I tip the scales at 118 and I'm still gaining weight like a young pig. But that's not all. I haven't any more headaches and my kidneys are in as good shape as they were back in my school days. I sleep like a baby and can eat anything I want to."

"My neighbors all tell me I'm looking better than ever before, and I tell them I certainly feel as good as I look. When I see how much Trutona has done for me I know it will help others, and for that reason I feel it my duty to recommend this wonderful medicine."

Trutona is really a medicine of unusual merit. It is unsurpassed as a reconstructive agency, system purifier and body invigorant. It has been declared peerless as a treatment for stomach, liver and bowel troubles.

Trutona is now being introduced and explained in Rushville at Har-
grove and McKim's Drug Store. Adv.

is Crawford County in the southern part of Indiana. The farmers in that section have been quietly at work for some time and are expected to strengthen their district considerably. The new county becomes a member of 9th District of Federation of which J. J. Brown, of Rockport, is director. The addition of Crawford County brings the total number of counties affiliated with the parent body up to eighty-four. Notices have just been sent out by E. E. Reynolds, treasurer, for all county and townships in the state to send in the official list of their officers in order that there may be advised and made up to date at headquarters.

The experiment of having a representative of the farmers at the Indianapolis stock yards started last week and has been the occasion for favorable comment all over the state. P. C. Ohler, who is in charge, has reported that a number of shippers and producers have co-operated with the Federation by sending written notice to the secretary of the Indianapolis Live Stock Exchange that they are supporting the venture and desire that the small fee needed to support the department be deducted from their sales and forwarded to the treasurer of the Federation.

LICENSE REQUIRED OF ANGLERS IN STATE

Game Wardens Will Make Arrests
for Fishermen Not Having Proper
Kind of License

A RECEIPT WILL NOT DO.

Indianapolis, Ind., May 11.—The Department of Conservation sounds a warning to all residents and non-residents of the state that game wardens are prepared to make arrests whenever they find anyone fishing without the proper license.

George N. Manfeld, Superintendent of the Fish and Game Division, says some of the county clerks and clerks of the department who handle non-resident fishing licenses, have frequently given a receipt until a license could be procured. It is pointed out that the wardens are instructed not to pay any attention to those receipts, and will not under any consideration recognize one as a substitute for a license. According to Mr. Manfeld, no one has authority to charge more than \$1 for such license, although the department will not interfere if anyone insists on paying a bonus voluntarily.

WILL ABANDON TAX PLAN

Soldier's Bonus Will Not Come
From One Cent Taxation Method

Washington, May 11.—Republican members of the house ways and means committee have definitely decided to abandon the proposed tax of one cent on all retail sales as a means of raising the revenue for a soldier's bonus.

At the same time an agreement was reached to make every effort to reduce the total benefits originally proposed from \$1,750,000,000 to slightly in excess of \$1,000,000,000.

WOMAN SERIOUSLY BURNED

Anderson, Ind., May 11.—Mrs. E. Wilson was seriously burned about the face, head and hands when gas in a cook stove exploded. It is believed that she will recover.

CARD OF THANKS

We wish to thank our friends and neighbors for their kindness and sympathy extended to us in the loss of our dear husband and father, MRS. NANNIE GOODIN and CHILDREN.

The Plum Creek C. W. B. M. will meet Thursday afternoon at the home of Mrs. Linnea Hayes northeast of the city. Mrs. J. M. Morris will be the leader and she has prepared an excellent program. Mrs. J. W. Aiken and Mrs. White Myers will furnish the music during the afternoon. A large attendance is desired.

Miss Hannah Morris was hostess for the members of the Tri Kappa sorority last evening at her home in East Fifth street. Eighteen members were present and during the business session the members discussed ways of raising money to aid the Board of Children's Guardians. During the social hour which followed, a delicious luncheon was served.

Mrs. A. L. Aldridge entertained eighteen members of the Coterie yesterday afternoon at her home in North Perkins street. Miss Lorraine Kennedy and Mrs. Russell Harton of Mifflin entertained the guests during the afternoon with music. Mrs. Harton playing the violin and Miss Kennedy the piano. A guessing contest also was enjoyed by the guests. Light refreshments were served at the close of the afternoon by the hostess.

Friends and relatives of Mrs. John Miller delightfully surprised her Sunday at her home in North Morgan street, honoring Mother's Day. A pitch-in dinner was served at noon. The table was beautifully decorated with violets and tulips and covers were laid for Mr. and Mrs. D. M. Dearing and family, Mr. and Mrs. Lorie Miller and family, Mr. and Mrs. E. J. Miller and family of Indianapolis, Dewese Tomes, Mr. and Mrs. Chester Dearing, Miss Hazel Brown and Charles Ellison.

Miss Olive Buell and Mrs. Neff Ashworth of this city were guests at a prettily appointed announcement breakfast given at the home of Mr. and Mrs. J. L. Ashworth in Connersville, Saturday morning at eight o'clock, in honor of the coming marriage of their daughter, Miss Ruth L. Ashworth, to W. Herbert Roberts of Connersville. Mrs. Neff Ashworth, formerly Miss Edith Buell was the assisting hostess. Miss Ruth Ashworth is well known in this city, having visited here on numerous occasions. The wedding will be solemnized in June.

Mr. and Mrs. C. W. Jeffrey of Connersville entertained with a high noon dinner party Sunday, honoring the birthday anniversary of Mrs. Jeffrey's mother, Mrs. William Of-

fer of this city. The centerpiece for the table was a large birthday cake surrounded with red and white carnations. The guests included Mrs. Offutt and daughters, Miss Rena and Mrs. Edna Dagler and two sons, Warren and Russell, John Offutt and Clifford McGinnis, all of Rushville; Mrs. Gilbert Hastings of Seattle, Washington, and Mr. and Mrs. Paul Offutt and daughter Julia Ellen of Connersville.

Saturday, being the 34th birthday of Mrs. Robert Sharp, Mr. Sharp successfully carried out a surprise on her. About sixty members of the Needlework club and their families gathered at her home north of Raleigh in the evening to enjoy the hours with her. Games and music furnished the amusements for the guests, and delicious refreshments were served at a late hour. Those present were Mr. and Mrs. Charles Knipe, Mr. and Mrs. Bert Miles, Mr. and Mrs. Oscar Gordon, Mr. and Mrs. Jake Myer, Mr. and Mrs. Charles Miller, Mr. and Mrs. Melvin Cole, Mr. and Mrs. Alfred Gordon and family, Mr. and Mrs. Charles Caldwell and family, Mr. and Mrs. Tom Merritt and family, Mr. and Mrs. Will Cole and family, Mr. and Mrs. George Sweet and family, Mrs. Jane Nixon, Miss Chloe Dobbins, the Misses Flossie and Zula Jackson, Willetta Furnish and Leol Cloud.

The children and grandchildren of Mrs. Elizabeth Nelson gave her a delightful surprise Sunday, honoring Mother's Day, at her home in Arlington. A bountiful pitch-in dinner was served in buffet style, the table being adorned with a beautiful bouquet of cut flowers. Those attending were Mr. and Mrs. William Eaton of Gwynneville, Mr. and Mrs. Jesse Nelson, Mr. and Mrs. Brannard Nelson and family, Mr. and Mrs. Warren Nelson of Morristown, Mr. and Mrs. H. G. Conway and family, Mr. and Mrs. Henry Forbes of Carthage, Mr. and Mrs. Ozro Draper and family of Charlottesville, Mr. and Mrs. Dennis Grocox and family of Homer, Mr. and Mrs. Jodie Woods and family, Mrs. Olive Haywood and family and Miss Willie Draper of Rushville, Mr. and Mrs. John Nelson and son Denning, Mr. and Mrs. Roland Ernest and family, Mr. and Mrs. J. O. Draper, Mr. and Mrs. Claude Collins and family, Mr. and Mrs. Harry Collins and family, and Mr. and Mrs. Noah Moore and family of Arlington.

CARNIVAL GETS GOOD START

The Veal Brothers' carnival company showing on the South Main street grounds, being brought here by Rush Post 150, American Legion got a big start last night and will continue through the week. The carnival company carries with it eight first class shows, besides a merry-go-round, ferris wheel, and a large number of concessions. The crowds last night for the opening were far bigger than the average

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar, for coughs, colds and croup; Foley Kidney Pills for pain in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache, and sluggish bowels. F. B. Johnson. (Advt.)

Grow Your Hair GET THIS FREE

If you have dropped, or if your hair is falling out, or if you have a bald spot, you should know that there are people who have overcome these troubles through a genuine hair-growth medicine, which will be mailed you free with a proof box of the wonderfully efficacious treatment, Kestrel, if you send only 10 cts. (silver or stamps) to pay the cost of this notice, to E. J. B. Johnson, 62-63, Section 7, New York.

Be Slender

The true way to become slender, agile, healthy is now yours. See the picture: the shadows on your face and neck are the result of too much fat. No need of starving yourself or taking dangerous pills. No need of dieting with salt, or no throat, no loss of time. Just follow the simple, easy, logical system of HARGROVE & MULLIN. Add to your capability and charm. Remove all the extra pounds. Remove fat from your face, neck, chest, arms, stomach, thighs, gain in health, and you will be slender, healthy, and happy. Accept no substitute. It comes in a box, with guarantee. Write for free brochure to HARGROVE & MULLIN, 100, New York City.

HARGROVE & MULLIN, Pittman & Wilson, Frank E. Wolcott

for the first night. One of the features in the way of advertising the carnival was the steam calliope that paraded the residential part of Rushville last evening.

The local post of the American Legion will benefit financially by the carnival, as a percent of the proceeds will go to them. The entire carnival carries with it no shows of immoral nature and only first class exhibitions are given.

SMALL CHANCE TO BREAK DEALOCK

Continued from Page One
County Chairman Fon Riggs, Will M. Frazee, Will M. Bliss, Ernest B. Thomas and Robert A. Innis.

They went with the determination of electing Bridges if it could be accomplished by any fair means. Whether Bossert was to be defeated depended largely on the attitude of Glen Zell, Fayette county chairman, who is also the county auditor. He was claimed by Bossert's friends, and in case his vote is cast that way, a tie was regarded as certain, because four of the eight county chairmen were said to be prepared to vote against Bossert's re-election without a change.

Local friends of Senator Watson felt sure that the election of Mr. Bridges was assured up until the meeting of county committees last Saturday afternoon to elect county chairmen. They counted on the election of chairman in Wayne, Shelby, Rush, Henry and Hancock favorable to Mr. Bossert's opponent, which would be enough to elect him, but the district chairman's friends executed a surprise attack in Shelby county which resulted in the election of Otto O. Lee in Shelby county and the passing of a resolution instructing him to vote for Mr. Bossert.

It is believed that the sentiment among Shelby county republicans is in favor of Senator Watson, and it was confidently expected that Riley Amos, who was the county chairman

would be re-elected with ease. Instead there were only ten out of fifty precinct committeemen present when the meeting was called to order and the election of Mr. Lee was accomplished before committeemen

in favor of the retention of Mr. Amos had a chance to vote.

The one disturbing note in the plans of local opponents of the present district chairman was his announcement in Indianapolis yes-

terday that Rufus Hinshaw, Henry county chairman, would vote for his re-election. Anti-Bossert men had counted on Mr. Hinshaw and refused to believe that he had changed his opinion.

Feeling Like A New Person All Over Now

Vola-Tonic Built Up Run Down System—Stronger Every Way

"Vola-Tonic built up my system after I had been weak and run down for over a year and I want to recommend this medicine" said George Hill, of 204 Warner street, Cincinnati, O.

"About a year ago my system got in a weakened, run down condition. My strength and energy seemed to be about gone. My nerves were out of order and I couldn't sleep right at night or get proper rest.

"I work in a shipping department and it was about all I could do to get my duties done in my weakened condition.

"It seemed that nothing would help me. I tried several medicines but without results.

"Then I heard about Vola-Tonic and decided to give this medicine a trial. I am on my fourth bottle of Vola-Tonic now and I feel like a different person.

"Vola-Tonic has built up my system and made me so much stronger all over that I am glad to recommend this medicine."

Vola-Tonic is a wonderful strength-builder and helps health all over. It has brought strength and health to thousands of weakened, run down men and women and will do for you what it has done for others.

"Vola-Tonic, 'Builder of Strength,' is being specially introduced in Rushville at Frank E. Wolcott's." (Advt.)

The Aladdin's Lamp of Business

As the phonograph brings all the world's best musicians and entertainers to your home—

As the moving picture spreads views of all the world before you while you sit in an easy chair—

So the advertising columns of this newspaper bring to you the news of commerce and industry, of merchandise and service.

The advertisements are the shop-windows of the world's wares, passed before your very eyes, that you may look and know where to get the full hundred cents worth of every dwindling dollar!

Do you read the advertisements regularly — every day?

If not, you're overlooking the best friend of your pocketbook!

Take time to read the advertisements always.

The very advertisement you miss may be the one that will save you the most money and time and disappointment.

So read the advertisements—all of 'em!

Mr. and Mrs. Charles Caldwell and family were the guests of Mrs. Lila Hiers and daughters at Rushville Sunday.

Mrs. Ralph Elwell has been ill with the tonsillitis the past week.

We Guarantee

the very thing your heart desires

LET us show you the Official Laboratory Model of the New Edison. Let us play it for you. Let us tell you of the remarkable guarantee which goes with this instrument. A guarantee of realism! Do you know what this means?

The NEW EDISON

"The Phonograph with a Soul"

Realism! Only realism can make the phonograph as wonderful a source of music as all the artists in the world.

Realism! How can you know the phonograph that achieves Realism? The Official Laboratory Model of the New Edison has proved its Realism by direct comparison with living artists. The singer sings—or the instrumentalist plays. Suddenly the artist stops, and the New Edison continues alone.

Four million people have witnessed these remarkable tests. They found that only by watching the artist could they tell when he was singing—or playing—and when the New Edison was RE-CREATING his performance.

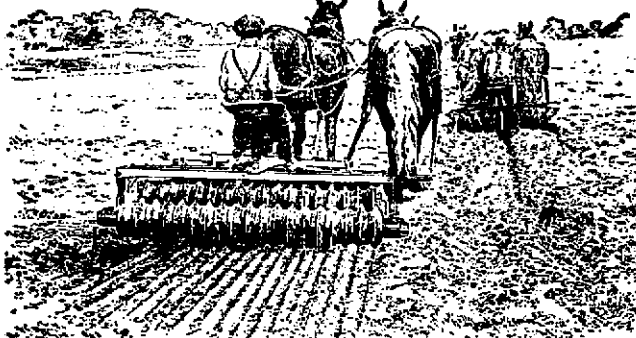

The instrument we'll show you is an exact duplicate of the instruments which triumphed in these comparison-tests. It will sustain the same test. We guarantee it to be capable of the same beautiful and astounding Realism,—and that is guaranteeing everything your heart desires.

Come in and hear it.

Our Budget Plan solves the money problem in buying your New Edison. Let us tell you about it.

Hargrove & Mullin

Druggists

Finish the Job Right

SOMETIMES we are inclined to let a job go half done—or leave it when it is almost finished. It's poor business. Finish any job you start—and finish it right. Take the matter of harrowing:

A field that has been gone over with a disk harrow and smoothed with a peg-tooth harrow usually presents a pretty good seed bed under favorable conditions. But all too often the seed bed isn't as good as it ought to be in spite of diligent disking and harrowing. Very frequently there are hard clods that are dug up by the disking which lie scattered about the field like stars in a clear, moonless sky. Each one of these lumps is a crop killer—it is taking up good air and moisture without offering any return therefor to you.

Finish the job right by crushing these hard lumps with a D'Y Cult-Packer. Not only is this implement very valuable in completing the preparation of a good seed bed by pulverizing the hard lumps and clods dug up by harrowing, but it also prevents winter killing to a great extent. When the cult-packer is used early in the spring, it packs the soil that has been humped up by the frost, leaving wheat roots exposed to the air, thereby "replanting" this grain by packing the soil around the roots.

Come in and have a look at one of these cult-packers. We sell them.

The Right Kind of Iron For The Blood

The most powerful and beneficial tonic in all medicine for the blood and nerves is iron. The greatest authorities agree on this. But it is a mistake to take any form of iron and expect to get satisfactory results. Most of the common forms of iron are what is known in science as "inert" when taken into the human system. By this it is meant that they exert no action whatever. Perhaps this is why you have been disappointed when you have taken certain pills or tablets or tonics said to contain iron.

The new way to restore iron to the blood—the surest and most dependable of all methods—is through the use of Acid Iron Mineral. This is a natural form of soluble iron—it is not prepared artificially by chemists like most medicinal iron, but is found in Nature itself, combined with other highly beneficial remedial agents. The story of the discovery of this new form of iron reads almost like a fairy tale and the medical science has proved in thousands of cases its remarkable blood-making powers. Acid Iron Mineral may be procured in liquid form at any drug store. It contains no alcohol or injurious drugs and will not blacken the teeth. It has been especially noted that pale, run-down children, weak, run-down persons and those enfeebled by age show improvement and exhibit increased strength almost immediately after starting treatment.

MANY VETERANS ON 1920 DIAMONDS

"Babe" Ruth Isn't the Only "Grand-dad" on the Lot as Many Are Getting up in Years

CICOTTE IS 36 YEARS OLD

Big Leagues Call All Players Under 30 as Belonging to the Kid Class

By HENRY L. FARRELL
(U. P. Staff Correspondent.)

New York, May 11.—They called him "Babe" twelve years ago when he broke into the major leagues and he's still a "Babe."

Charles B. Adams, thirty-seven year old veteran of the Pittsburgh Pirates, hero of the 1909 world's series, a hurler counted out six years ago, still has a twenty-year-old kick in his arm.

"Big Six" Mathewson, Jack Coombs, Bill Donovan and the others who know baseball in an executive capacity must have thought that Babe slipped at the fountain of youth or took unto himself some well known glands when he stepped out recently and pitched a fifteen-inning game to a victory.

Years ago the fans looked upon Babe every season with a bit of sympathy and the old line—"you was a good old horse in your day."

He was a good old horse in his day and he's a good old horse yet—good enough to win his first three starts of the season.

Babe has company this season. He isn't the only "grandfather" taking his turn in the box with the kids.

Eddie Cicotte worked a 36-year old arm for victory in his first two games of the season and allowed only one run in eighteen innings. Slim Sallee, the thirty-five year old kid of the champion Reds is waiting for warm weather to start. Walter Johnson who has been pitching 19 years for Washington has won one of his two starts and still has the same old whizz on the ball. Ray Caldwell with ten years' service to his credit is still pitching winning ball for Cleveland.

Youth reigns at most all of the playing positions but the middle-aged men rule among the pitchers. The average runs 30 years among the prominent hurlers.

The thirty year old group includes Sherry Smith, Bob Shawkey, George Mogridge, Phil Douglas, Stan Coveleskie. In the 31-year-old class are Babe Marquard, Claude Hendrix, Fred Toney, George Tyler, George Dauss and Jim Bagby.

Red Faber, Dick Rudolph and Hippo Vaughn are 32. Walter Johnson and Grover Alexander are 33. Above that mark they are few and far between.

The kid class includes Howard Ehmke, Hod Eller, Burleigh Grimes and Lee Meadows at 26; Melvin Goheen, 27; Hub Leonard, Artie Nehf and Ferdie Schupp, 28; and Bill Doak and Carl Mays, 29.

TO ENTERTAIN ASSEMBLY

Church at Sterling, Kan., of Which McGarey is Pastor, to be Host

The United Presbyterian church at Sterling, Kansas, of which the Rev. W. P. McGarey, formerly of this city, is pastor, is preparing to entertain the general assembly of the United Presbyterian church from May 26 to June 1. There are 280 delegates eligible to attend the assembly, a big majority of whom are expected, in addition to a large number of visitors.

The Rev. McGarey was pastor of the First United Presbyterian church here for a number of years and last winter conducted a very successful revival in Rushville. The former pastor writes that his church raised more than \$50,000 in the New World Movement drive.

Amusements

Jap Star at Mystic

Sessue Hayakawa, one of the real masters of screen characterizations, is seen to admirable advantage in his latest photo-drama, "The Man Beneath", at the Mystic today.

Dr. Chindri Ashutor (Hayakawa) was a high-caste Hindu with centuries of Oriental thought behind him.

Kate Erskine (Helen Jerome Eddy) a bonnie Scotch lass with generations of hardy ancestors as her forebears.

The Hindu loved Kate Erskine, while the Scotch girl had to admit to herself that she reciprocated; that

love recognized neither caste, creed nor race.

Around this theme revolves a story of black-hand intrigue, Oriental mysticism and exciting dramatic situations which hold the audience in suspense to the final scene.

"A Manhattan Knight", founded on the novel "Find the Woman", from the fluent pen of Gelett Burgess, will be presented at the Mystic tomorrow. The star of this fast-moving story of New York life is George Walsh, the smiling athlete who is rapidly winning the millions of motion picture fans throughout the country.

In "A Manhattan Knight" the two-fisted star is given unusual opportunity to shine. There are several thrilling fights in the production, which has been carefully staged by George, Beranger, formerly associated with David Wark Griffith.

Works Hard To Avert Flu Epidemic

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

Fence Posts That Last 40 Years

DON'T replace another decayed or broken post with one that will undergo the same process of wastage in a few years. It is a big loss of money—as much as \$50 and more a year.

Long-Bell Creosoted Yellow Pine Posts will mean an end to all repairs and replacements and are easily obtained.

CREOSOTED Yellow Pine POSTS

These everlasting posts of selected yellow pine of slow growth are practically decay-proof. The Long-Bell hydraulic vacuum creosoting process treats every wood cell right to the heart and makes it practically decay-proof. Why pay for fastidious short-lived posts that split and rot and rot? Think of your savings by using posts treated the Long-Bell way.

Long-Bell Creosoted Yellow Pine Posts are available in all sizes and quantities. Send your name and address to the nearest Long-Bell agent or to the Long-Bell Creosoting Co., 1000 Broadway, New York, N. Y., for a free literature. They will send you a sample post and a sample of the creosote.

How Acme Worm Bouncer Expells Worms

When the hogs and pigs eat anything the Free Intestinal worms do not like, they lay dormant. The hog which is fed ACME WORM BOUNCER in the SELF FEEDER eats a little—several times a day. The WORM BOUNCER goes into the stomach and intestines STRAIGHT. The time comes when the worm must eat and when he does, the ACME WORM BOUNCER PARALYZES the worm—he then must let go—and in that manner the ACME WORM BOUNCER expells the worms and EXPELLS THEM ALIVE from 5 to 7 days after you commence to feed ACME WORM BOUNCER.

ACME WORM BOUNCER is fed with perfect safety to all pregnant animals, whereas any remedy that kills the worms in the INTESTINES AND STOMACH is very injurious to the animal and very dangerous to use.

Swift & Company Does Not Control Its Raw Material

Other industries can buy their raw materials according to need or judgment, and set a selling price. They need manufacture only what they can sell at their price.

Cotton, wool, wheat, lumber, iron, steel, and other non-perishables, can be held either by their producers or their users until needed.

But live stock comes to market every day in fluctuating quantities from scattered sources, wholly uncontrolled and at times without regard to market needs.

An immediate outlet must be found for the perishable products, at whatever price, as only a very small proportion can be stored.

No one can foresee or stipulate what they shall bring; prices must fluctuate from day to day to insure keeping the market clear.

Only the most exacting care of every detail of distribution enables Swift & Company to make the small profit from all sources of a fraction of a cent per pound, necessary for it to continue to obtain capital and maintain operations.

Swift & Company, U. S. A.

SAYS FISH TRADE WILL EQUAL BEEF

I. M. Taylor Urges Use of Fish in
The Household to Beat The H. C.
of L.

PRESIDENT OF FISHERIES CO.

Department of Commerce Recently
Appointed Him to Investigate
European Fish Industry

Boston, May 11.—Prediction that the fish industry will rank in a short time with the beef industry of the country in supplying a necessary article of food to American consumers was made today by I. M. Taylor, president of the East Coast Fisheries Company, in an interview with the United Press.

Taylor was recently appointed by the Department of Commerce to make a special investigation of the fish industry in Europe for the government.

Fish is naturally an economical food and the development of the industry on a broad scale will do much to lower living costs", Taylor declared.

The American people like sea food, Taylor stated, consequently the domestic demand is larger than the export demand, which under present conditions is quite large.

During the war our people were taught to eat deep sea fish and came to a realization of the great value of this food", he said.

"The fish industry of Europe is very highly developed, employing several thousand trawlers whereas the fish industry of the United States is comparatively undeveloped", Taylor pointed out. "Our fishing banks are the largest in the world and contain an inexhaustible supply of fish", he said.

"The modern steam trawler has a gigantic harvesting capacity up to 100,000 pounds a day. At present we have fewer than forty steam trawlers in this country.

"When our middle western population consumes an average of four ounces of fish food per week, two hundred additional trawlers will be needed on this coast", he stated.

DO YOUR FEET
FEEL GOOD?

They will if you treat
them right.

At the first sign of trouble, let our trained foot expert examine them and see if your shoes fit. Most foot troubles are caused by wearing the wrong shoes. You can wear the daintiest shoes and still be comfortable if the shoes are fitted right.

The Great Results that come from the Special Steels in a MAXWELL

There is a double advantage
in the use of these special steels
in a Maxwell.

1.—They eliminate superfluous pounds, lighten the task of the engine, ease the burden on tires, make possible quicker acceleration.

2.—They add strength which insures endurance, dependability, uninterrupted performance, and infrequent repairs.

These special steels make possible the Maxwell construction of great strength combined with light weight.

The light weight decreases the burden on the engine and their strength provides endurance.

They have been important factors in the success of Maxwell the world over, in its ever-increasing friendships, in its great growth.

Nearly 400,000 Maxwells are now in use. You cannot motor even in a foreign land, without meeting them.
